

## Call: Small Alumni\*ae Events 2026

Dear Alumnae and Alumni,

DAAD is pleased to invite former DAAD scholarship holders from **Mexico, Central America and the Dominican Republic to submit applications for funding small alumni events.**

We will be accepting your application for events scheduled between the end of **May and October 2026.**

Funding is available for:

- Events that promote the scientific/thematic exchange among alumni\*ae
- Workshops that contribute to the professional training of alumni\*ae

DAAD is particularly interested in supporting events that contribute to achieving the Sustainable Development Goals (SDGs). Networking activities surrounding the event are welcome.

**\*Grant size: up to 25,000 EUR per event**

**\*Eligibility:** Former DAAD scholarship holders (having received individual DAAD funding for at least 3 months) and alumni associations can apply. At least half of your event's participants must be DAAD alumni (current scholarship holders can attend, but do not count as alumni and cannot be reimbursed for lodging and travel expenses).

**\*Application deadline: February 15, 2026.**

Documents are to be submitted to the DAAD Regional Office in Mexico City via [cadena@daad.de](mailto:cadena@daad.de). Please read all guidelines and leaflets carefully and only use current templates available on: [Seminarios de Alumni - DAAD Mexiko](#). The proposals consist of the following documents:

- **Application form**
- **Project description**
- **Event program**
- **List of prospective participants**
- **Financial plan**

We strongly encourage you to invite alumni who have not yet participated in previous alumni events.

Event applications need to contain clearly defined tangible outcomes.

Proposed speakers should preferably be alumni from relevant fields.

**Please note that funds are limited and subject to approval.**

Participants or third parties are encouraged to contribute financially whenever possible. Due to the high number of applications we receive every year, we might not be able to consider all applications.

We are looking forward to supporting your ideas for events!

Kind regards,

Alejandro Cadena Ramos,

[cadena@daad.de](mailto:cadena@daad.de)
